

Little Rascal

The Little Rascal Pellet Stove is designed with the same Country Flame technology that has made our pellet stoves some of the most popular in the industry. Smaller in size, yet it heats like the big boys.

- 99% Efficiency
- Max Heating Capacity: 40,500 BTU
- Heavy Gauge Steel Construction
- 275 Pounds
- Hopper Size: 45 Pounds
- Cast, Gold, or Nickel Door & Leg Options
- Electronic / Automatic Ignition
- Intelli-Choice™ Touch Pad Control
- 5 Heating Level Settings
- Air Wash Equipped for Cleaner Glass
- Room Air Blower Standard 160 CFM
- Mobile Home and Alcove Approved
- Thermostat Ready

Country Flame stoves and inserts come thermostat ready, allowing you to choose yet another efficient option. Install a thermostat along with the stove or insert for convenience and savings.

PELLET BURNING

CORN BURNING

Harvester

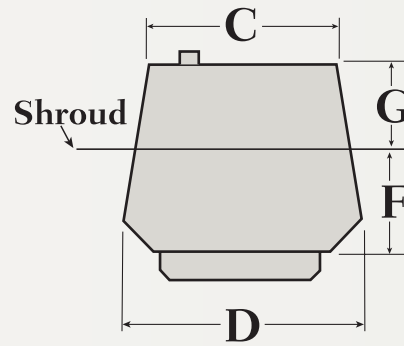

Designed for warmth, efficiency, and versatility, the Harvester offers you the option of burning corn or wood pellets.
